

This page is FYI only (*we don't need a Volunteer here*):

We've acquired plenty of these items (not shown) from Print Shop.

Ref #1,

We need an Animator
for simple animation
(See next page)

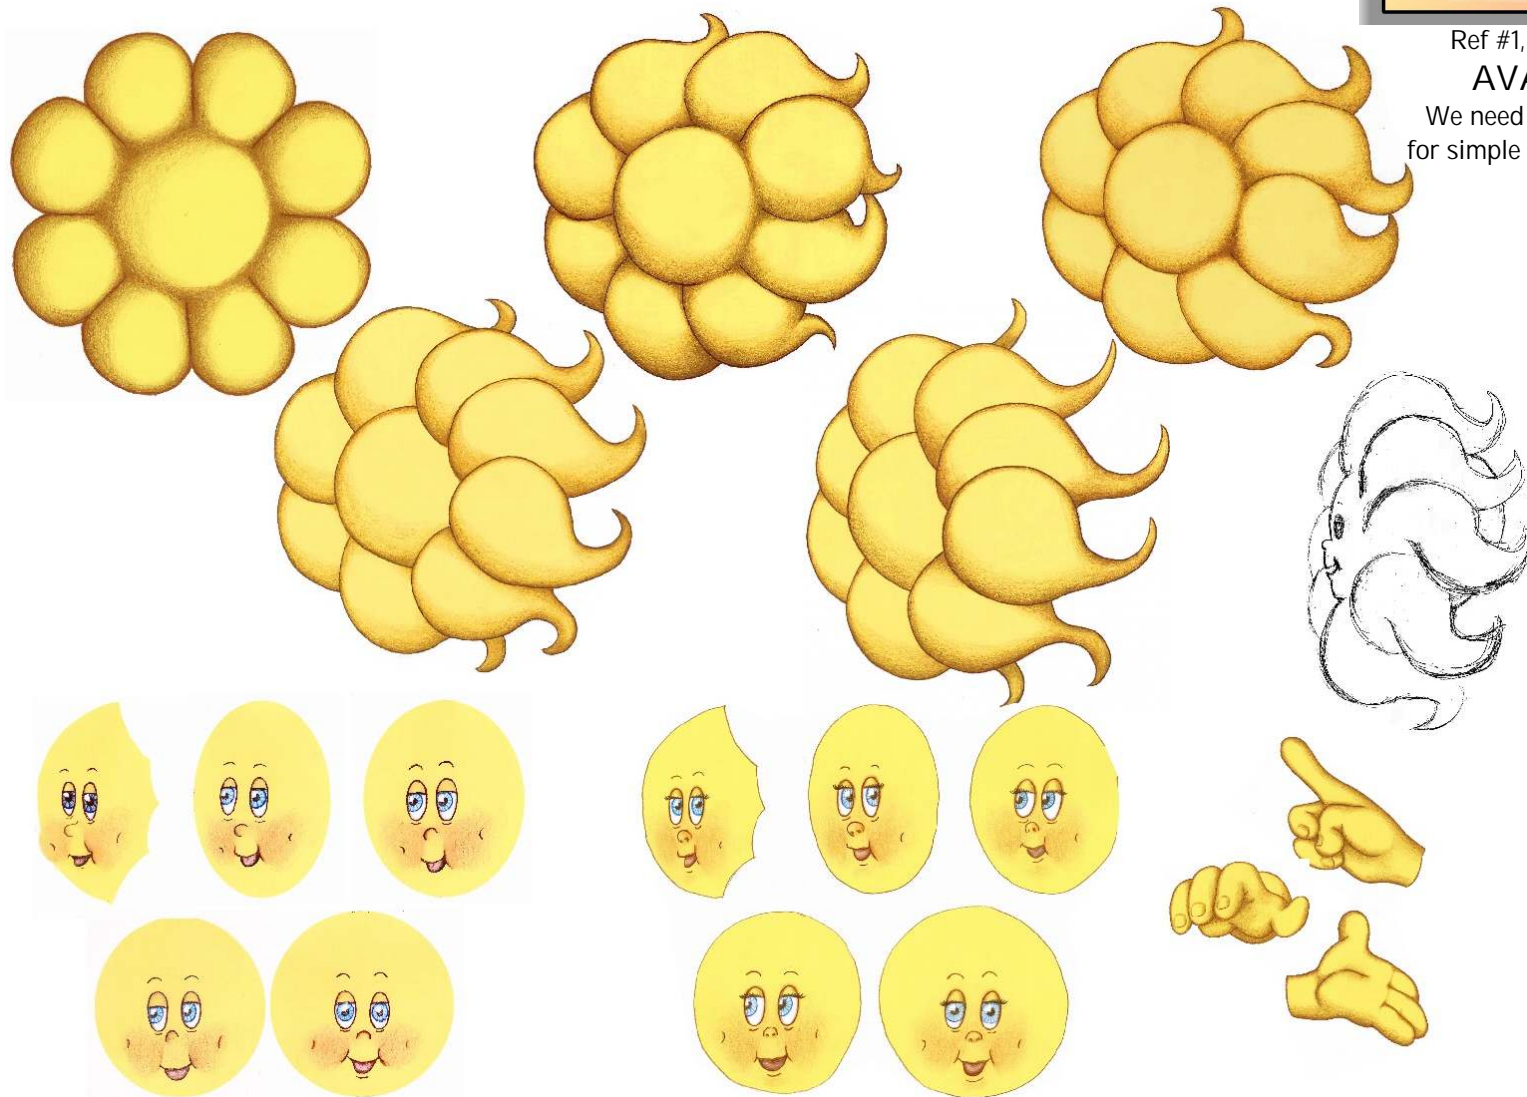

These avatars
will click on
buttons, travel
their path, etc.

Ref #1, continued.
AVATARS,
We need an Animator
for simple animation here

Front to side views, boy and girl faces, and hands.

If there's an artist who can improve on these avatars, and maybe even draw good side and back views, we'd love it!

Some of my grandsons suggested an **INTERACTIVE WORLD**. See **WIZARD 101** for a better understanding of how these (below) were done. Here is where he prepares to get into **JIMMY'S OWN WORLD**.

(Zoom in to see these better.)

Something like this might appear first (but with a LINE UPON LINE theme, not a Wizard theme).

We could have our "Let Your Light so Shine" male & female Avatars here.

We wouldn't need to ask the name until the next frame.

"Jimmy's about to enter his INTERACTIVE LINE UPON LINE WORLD. And here is where we get his info.
